Zero Trust: Myth Busters and the Real Deal

July 9th | 11am PT / 2pm ET

Real zero trust answers from the expert who wrote the book

Hi Marianne,

In a world full of cybersecurity promises, how do you distinguish between what's actionable and helpful versus what's just hyperbole and buzz? Join us for an exclusive webinar with Avinash Naduvath, the authority behind "In Zero Trust We Trust." This session will be an important conversation about zero trust and ZTNA, cutting through the hype to reveal what's real about the promise of zero trust.

On **Tuesday, July 9th at 11am PT/ 2pm ET** we'll cover:

- The myths and the facts around zero trust
- Zero trust drivers and outcomes
- Catalysts that accelerate the evolution to zero trust
- The six phases of zero trust adoption

Learn how to harness the business and technical catalysts of zero trust, overcome adoption hurdles, and understand the mindset necessary to embrace its full potential. Whether you're just starting or looking to refine your approach, this webinar will provide a clear outline of the six phases of zero trust adoption, meeting you where you are and helping you grow into what's next.

Plus, the first 100 attendees* will receive a free digital copy of the just-published book, "In Zero Trust We Trust."
